Request: I'm requesting for team uniforms for my 2-Little Dribblers teams

Reason: The main reason I'm requesting for uniforms is that kids feel more like there part of a team. That will help them build the team mindset and build confidence. They will have a lot of memories together everytime they put the uniform on. By every player coming out in the same uniforms it helps build not only the fact that their well organized but also builds character. Kids can take there uniforms home and know that it is theirs when the season is over and continue to work off season and remember all the hard work an dedication they put in. My goal is not only to teach the game of basketball but help grow our youth by showing them team work and every day life can be one in the same. Thanks for your time.

Donation Amount: \$914.24
