Pagligvisi,

I am interested in the At-large seat for the IHLC Commission.

What makes me so interested is the importance of keeping our traditions and culture alive and make sure our knowledge and history is passed down to the future generations to come.

I am a former Inupiaq Language Teacher at the Eben Hopson Middle School, and I made sure that I share the knowledge of our Native Culture and tradition. Growing up in a subsistence way of life has taught me many ways on how to survive and hunt. I learned what it meant to teach the knowledge I knew growing up in a whaling community and having a father who was a whaling captain.

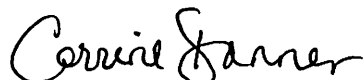

I am part of the women who sews on skin boats for many whaling captains here in Barrow.

Being involved with many entities with ongoing workshops such as Parka, Atikluk, Qupak, Qatignisi, Isigvik, and sini making is very important to teach those that want to learn, and I have that passion to do so.

My hobbies are sewing, making parka's, atikluks, home accessories and more, spending quality time with grandchildren, friends and family.

Quyanaqpak,

Corrine Danner
